

PLATFORM FOR ONLINE
INTEROPERABILITY AND
PERFORMANCE TEST

6LoRITT

Category A: New Testing Tools

Project details

- **6LoRITT: 6LoWPAN Remote online Interop Testing Tool**
- **KEREVAL (French Testing Lab)**
- **Start date: 17.07.2017 for 10 months**
- **Extension of F-Interop testbed with a new testing tool for 6LoWPAN interoperability testing**
- **Expected impact**
 - Boost 6LoWPAN RFCs adoption
 - Boost 6LoWPAN interoperability among implementations and shortening time-to-market products
 - Ease IoT 6LoWPAN-based solutions integration into the future (IPv6 based) internet

Thank you
